Quest Global Difference

Generational Partner : Building fewer & deeper relationships through value driven approach

Our operating ethos

Customer Centricity

Generational Partnerships

Fewer customers and **deeper relationships**

Co-create **win-win** scenarios

Quick decision making, **100% dedicated & empowered customer centric teams** and **investment** budgets

VBU Structure
pivoted on Customer

Engineering Focus

Engineering is our **only** business

Pureplay Engineering

Industry Knowledge

Industry **domain knowledge** built over the years in focus verticals

Ideation to Execution Accountability

Art of the Possible

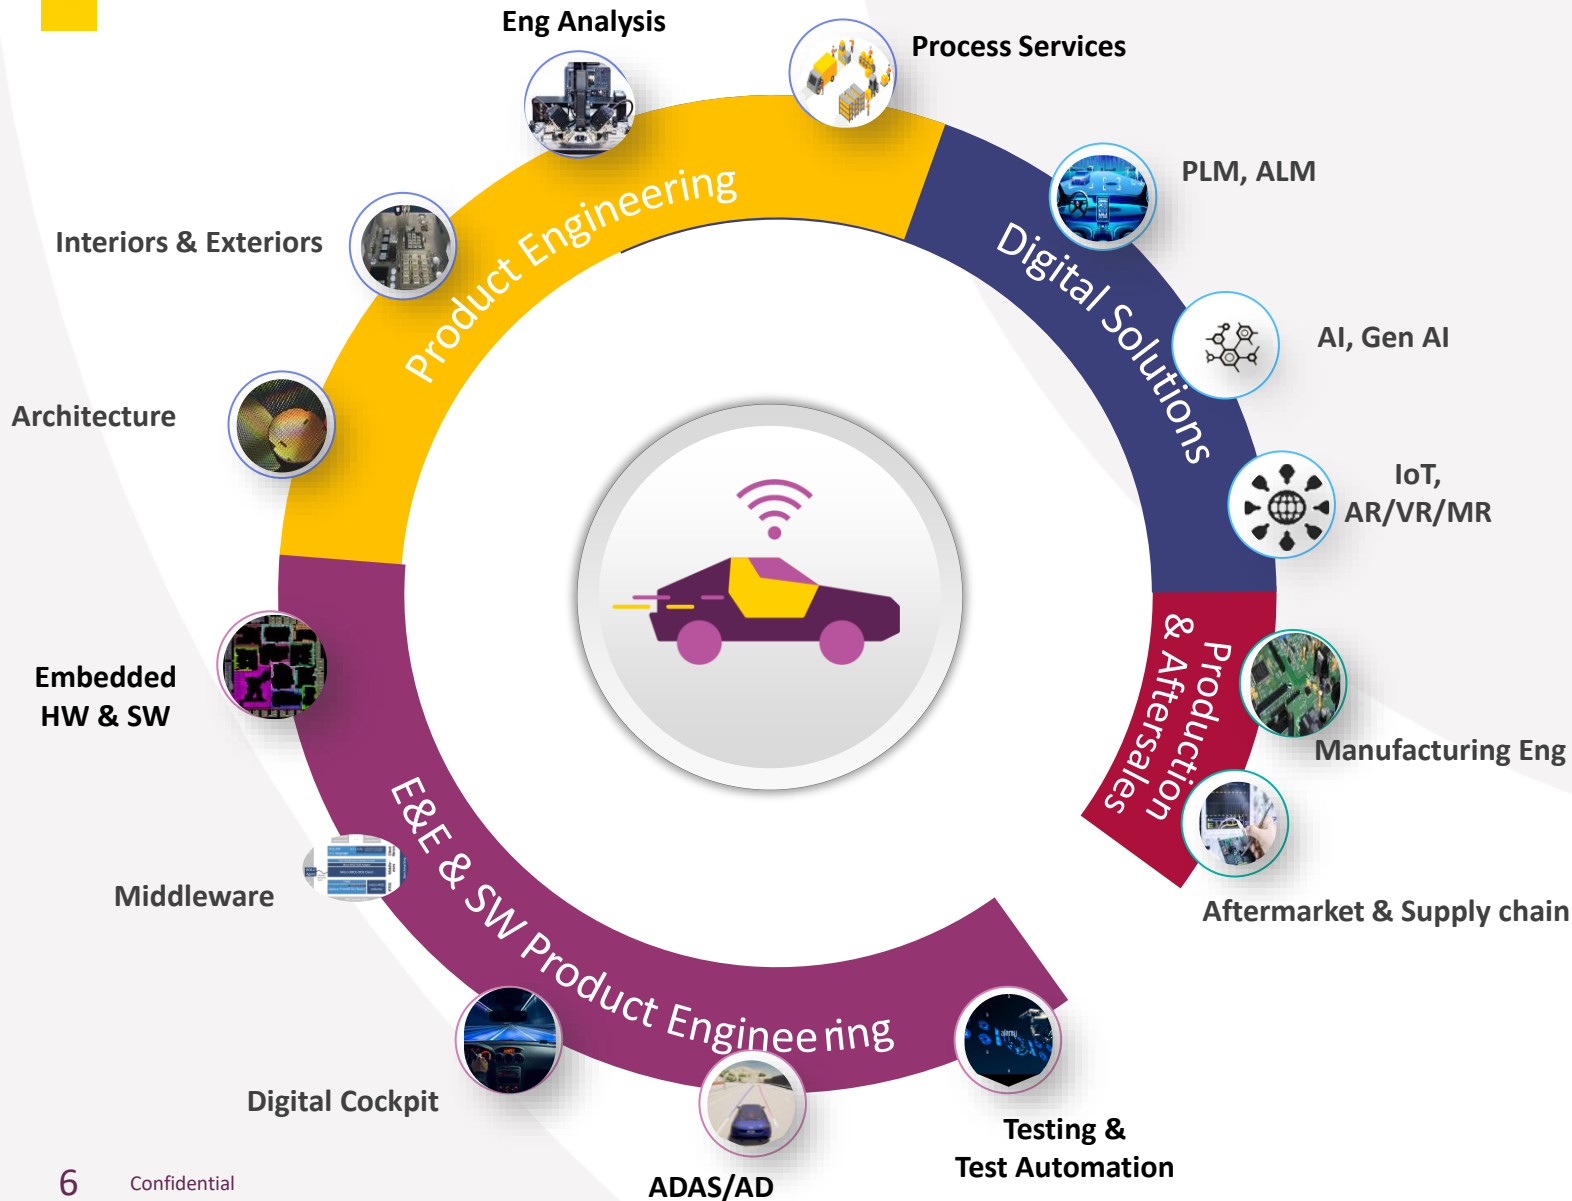

Ideation process to help customer progress rapidly in their priorities

Proactive idea pitches towards your high priority goals

Proven **governance playbook** enabling **micro awareness** without micro-managing

Joint Governance Structure

A 360° Automotive Engineering Capabilities

An End-to-End Automotive solution provider across the product development lifecycle

Global Footprint – 4600+ Automotive Team across NA, Asia, Europe

Best Cost Solutions through Local-Global Model

Value driven approach towards partnering

Fine balance between Solution accelerators and services delivering flexibility

Acquisitions to drive capability infusion

Integrity

Collaboration

FOUNDER'S PRINCIPLES

Aspiration

Humility

Hunger

Belief:

We believe engineering has the unique opportunity to solve the problems of today that stand in the way of tomorrow

Purpose:

We strive to be the most trusted partner for the world's hardest engineering problems

Why partner with

Leading Automotive service provider with over 4200 engineers
Growing organically & inorganically

We take a long-term view, purpose driven company
Ethical and compliant

One stop shop for Silicon – System – Cloud Solutions
Offerings across Silicon, Platforms, Software, Validation, etc.

Operating model (L-G) to reduce customer drag & project risk, etc
Local team in Czech augmented through global capability

Value driven purpose
Intent to invest based on customer needs

We have dedicated and empowered teams
that quickly respond to and proactively anticipate your needs

Our joint governance model
enables you to have micro awareness without micromanaging
